

Tutorial: How to assemble the accessory: Peripheral marking

- 1/ Clip the ink cartridge on the peripheral accessory
- 2/ Fix the peripheral accessory on the pucks with the Velcro band. Caution: the accessory must not be out of the base of the puck
- 3/ Link the connector of the accessory on the puck
- 4/ Place the pulley accessory on the opposite side of the puck thanks to the Velcro band
- 5/ Adjust the centre of inertia of the whole system by turning the pulley
